

DATASHEET

CMMCXJ044

Connector

1. Features

- PCB mounted MMCX jack straight connector
- Maximum PCB thickness is 1.6mm
- MMCX Female straight RF connector
- Gold plated for high reliability

2. General data

Electrical	
Impedance	50Ω
Frequency Range	DC ~ 6GHz
Working Voltage	Max $\leq$ 335 Vrms
Dielectric Withstanding Voltage	750 Vrms
Insulation Resistance	$\geq$ 1000mΩ
Center Contact Resistance	$\leq$ 10mΩ
Outer Contact Resistance	$\leq$ 5mΩ
VSWR	$\leq$ 1.3
Durability	>500 cycles
Mechanical	
Connector Dimensions	6.4mm * 3.7mm
Connector Pin Dimension	0.7mm
Connector Type	MMCX Jack Straight
Environmental	
Hazardous Material Regulation	RoHS compliant
Operating Temperature	-40C to +90C

3. Part number

CMMCXJ044

4. Drawing

Item	Description	Material	Finish	QTY
1	Body	Brass	Gold	1
2	Insulator	PTFW	White	1
3	Contact pin	Berylium Copper	Gold	1

Quality statements

Antenova's products conform to REACH and RoHS legislation. For our statements regarding these and other quality standards, please see **antenova.com**.

Antenova reserves all rights to the contents of this document. Antenova gives no warranties based solely on the accuracy or completeness of the contents of this document and reserves the right to make changes to the specifications of the products described herein at any time and without notice.

Certificate No. 11070
ISO 9001

Datasheet version

2.01 release 10th June 2026

Antenna design, integration and test resources

Product designers – the details contained in this datasheet will help you to complete your embedded antenna design. Please follow our technical advice carefully to obtain optimum antenna performance.

We aim to support our customers to create high performance wireless products. You will find a wealth of design resources, calculators and case studies to aid your design on our website.

Antenova's design laboratories are equipped with the latest antenna design tools and test chambers. We provide antenna design, test and technical integration services to help you complete your design and obtain the required certifications.

If you cannot find the antenna you require in our product range, please contact us to discuss creating a custom antenna to meet your exact requirements.
