

12nd Aug 2026

EU DECLARATION OF CONFORMITY Regulation (EU) 2025/40 on packaging and packaging waste (PPWR)

1. Manufacturer / Supplier Identification

Company Name:	Antenova Limited
Registered Address:	2 Chancellor Court, Occam Road, Surrey Research Park, Guildford, GU2 7AH, UK
Contact:	Christy Lin, christy.lin@antenova.com

2. Scope of Declaration

This General Declaration of Compliance applies to all packaging systems used for the protection, handling, and transportation of products manufactured and supplied by Antenova, specifically including:

- **Product Portfolio:** Covers the entire portfolio of antennas manufactured by the company and available on its website.
- **Packaging Levels:** Primary (sales packaging), secondary (grouped packaging), and tertiary (transport packaging).

3. Statement of Compliance

Antenova declares that all packaging materials and packaging components used for our product portfolio comply with the requirements of the European Parliament and Council Regulation (EU) on Packaging and Packaging Waste (PPWR) and related harmonized EU standards.

4. Compliance with Key PPWR Requirements

- **Heavy Metals & Hazardous Substances (Art. 5):** The sum of concentration levels of lead, cadmium, mercury, and hexavalent chromium present in any packaging component does not exceed 100 mg/kg (ppm). Packaging materials comply with restrictions on PFAS and other regulated chemical substances.
- **Packaging Minimization & Void Ratio:** Packaging is designed so that its volume and weight are limited to the minimum amount necessary to maintain safety and functionality. The maximum empty space (void ratio) in transport packaging does not exceed 50%.
- **Design for Recycling:** Packaging components are, where technically and economically feasible, designed to be recyclable or separable to support compatibility with standard EU recycling streams.

5. Supporting Documentation & Validity

This declaration is supported by technical datasheets, material specifications, and declarations of conformity issued by our raw material and packaging suppliers. Detailed packaging Bill of Material is maintained internally and is available upon request.

Standard packaging composition:

Packaging Material Identification

Outer & Inner Box/Paper Cushion: PAP 20 (Corrugated Board)

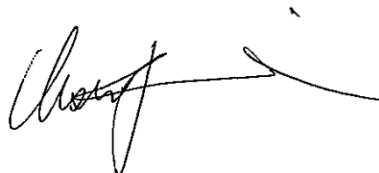

Carrier Reel/ Embedded Tape: PS 6 (Polystyrene)

Cover Tape: OTHER 07 (Antistatic Composite Plastic)

Cushioning: LDPE 04 (Expanded Polyethylene)

Aluminum bag: C/LDPE 90 (Composite Bag - LLDPE/PET/AL)

This declaration remains valid for all shipments dispatched from the date of issue until further notice or revision.
